## **Children's Integrated Services Revised Medicaid Reimbursement Methodology**

### **Policy Summary:**

The Agency of Human Services (AHS) is proposing to revise the case rate methodology for Children's Integrated Services (CIS). CIS provides health promotion, prevention, and early intervention services to pregnant and postpartum women, infants and children birth to age six. In addition to streamlining program requirements and administration for early childhood services, CIS also combined Medicaid funding for covered services to create a single case rate within each region. This revision will ensure that the case rate methodology is reasonable and appropriate to ensure access to high-quality services, based on utilization of Medicaid-covered services, and appropriate to advance the State's Quality Strategy.

### **Effective Date:**

July 1, 2017

### **Authority/Legal Basis:**
